

# Slimline

2019 / 2020

**DETA**

# Slimline

**Slimline** has established itself as the white moulded wiring accessory range of choice by professional installers across the country, and has received the highest accolade being specified by many of the major UK new build housing developers.

**Slimline** offers a comprehensive range of accessories including sockets with outboard rocker switches, wide rocker switches, universal dimmers, USB charging sockets and data modules to meet the demands of all modern day domestic and commercial applications.

Products in the **Slimline** range are guaranteed for 25 years (2 years for electronic products).

# Product Features

**Slimline** offers a wealth of features to ensure that installation is fast and effortless.

Terminals are angled on many products and with white terminal markings and colour coded terminal entries make wiring simpler, especially in poor lighting. Captive, backed-out terminal screws reduce installation time to a minimum.

All **Slimline** products are manufactured from a resilient high grade urea with anti-microbial properties and are packaged in individual polybags to ensure that products remain clean and undamaged right up until the point of installation.

## Socket Outlets

- Top facing terminal screws
- Clear terminal markings
- Colour coded terminals
- Recessed earth bar
- Captive and backed out terminals
- Single and double pole switched versions
- 2 earth terminals on 2 gang sockets
- Only one size 4mm screwdriver needed
- Terminals have large lead-ins
- In compliance with BS 1363: Part 2
- 25-year guarantee

## Media Plate

- Top facing terminal screws
- Clear terminal markings
- Colour coded terminals
- Recessed earth bar
- Captive and backed out terminals
- Up to eight single data modules can be installed in a Media Plate
- Flush back box - 40mm deep (DB184) has segregation between LV and ELV sections
- Made from urea
- Full range of TV and data modules available, see page 53
- 25-year guarantee

### Media Plate

- S1985 4 gang 13A socket and 8 data module spaces
- S1987 4 gang 13A socket with TV/FM/DAB quadplexer Co-Axial female, BT secondary and 4 data module spaces, fitted with blanks
- S1988 4 gang 13A socket with Co-Axial male, BT secondary and 6 data module spaces, fitted with blanks

S1985

S1987

### Media Plate

Where multiple power, telecom, TV and AV outlets are required in one place, Deta's Media Plate provides the perfect solution.

Deta Media Plates provide the flexibility to configure the installation to meet your individual requirements.

To make the installation even easier, the flush mounting box has a divider between the mains voltage sockets and the extra low voltage modules (refer to BS7671 IEE Wiring Regulations).

Also available in Slimline Décor and Ultra Flatplate ranges.

### Back Box

	width	height	depth
